Asena Beshiktepeli

Customer Success · Customer Support · Virtual Assistant

Cyprus (Republic of Cyprus citizen, EU) | asenabeshiktepeli@gmail.com | github.com/asenabeshiktepeli

PROFILE

Customer-facing professional with eight years of sales consulting experience and a track record of growing an international client base. Certified through the ALX Virtual Assistant Programme and the Google Advanced Data Analytics Certificate. Uses AI tools in daily work. Looking for a remote role in customer success, customer support or virtual assistance with an international team.

EXPERIENCE

Sales Consultant — Cagra Co LTD 2018 – 2026

- Managed a client portfolio of Turkish, British and Russian customers, mostly face to face, and also by phone and email.
- Grew the company's foreign client base by approximately 60%.
- Achieved 120% of internal sales targets.
- Handled the after-sales process: tracked shipments through to delivery, resolved customer issues and arranged corrected replacement orders when a delivery had a problem.

PROJECT

Job-search automation pipeline — personal project 2026

- Built in Python with an AI coding assistant: collects remote job listings from job boards and company ATS APIs (Greenhouse, Lever, Ashby) and stores them in SQLite.
- Filters listings with eligibility rules (location, language, role type, scam signals) and scores them; nothing is sent without my manual approval.
- Every change is checked with an automated test suite (pytest) and tracked in Git.

EDUCATION & CERTIFICATIONS

Google Advanced Data Analytics Certificate May 2026

ALX Virtual Assistant Programme — Certificate of Achievement November 2025

Marketing degree — Girne American University
